table collection

pulse

With Pulse, we push the limits of innovation and refinement. Sculptural aluminium legs with a subtle ribbed texture create a dynamic play of light and shadow, making the design appear in constant motion.

Developed with designer Mathias De Ferm, Pulse combines elegance with functionality: a smart profile ensures no seat is obstructed, while the refined finish highlights the purity of the material.

The collection includes dining tables and coffee tables. Timeless pieces with a powerful signature and a warm, sophisticated presence.

pulse dining table elyps (300 cm), brown frame, ceramic top charisma grey with sharknose border
sepia with black seat and brown central base

pulse dining table faux elyps (300 cm), brown frame, ceramic table top marble marone with sharknose border
nido in cibo tartuffo with brown central base

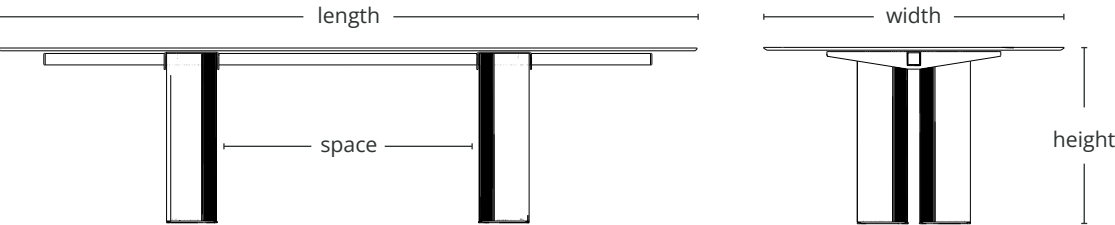

pulse coffee table faux elyps (180x100 cm), brown frame, ceramic table top charisma beige with sharknose border
wire daybed in brown with nautic linen sahara

pulse tables

indoor & outdoor

designed by Mathias De Ferm

With the new Pulse collection, we explore the boundaries of innovation and refinement. This series of tables and coffee tables is distinguished by a razor-sharp, sculptural leg structure in aluminium, finished with a subtle ribbed pattern.

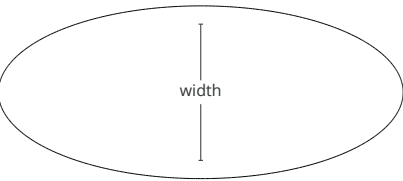

dining table elyps

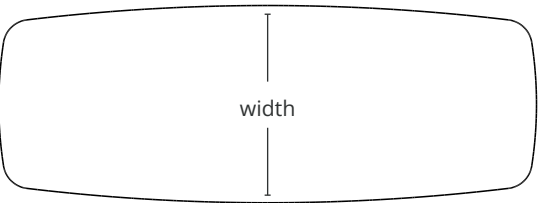

length	width	height	seats*
300	128	75	8 - 10
250	128	75	6 - 8
200	100	75	6

coffee table elyps
